**RE: Brooks-McCollum vs. State Farm, Civil Action 04-0419-JJF**

Dear Judge Farnan,

Attached, is the proposed scheduling order. The dates set by Defendants are unreasonable and will all for disposition/dismissal motions to be filed prior to the US Court Of Appeals returning with a decision, which may provide proper indemnification. Whereby, there should be no dates set until and after the US Court of Appeals has come back with a decision in the case against ERSC, in that this court has deemed them to be the same, although State Farms jurisdiction lies in the US Courts.

Sincerely,

Cathy D. Brooks-McCollum
